WaterGym® Waiver of Liability

- I understand that as with any exercise program, a medical check up is advised before starting.**
 - WaterGym® is intended for men and women who are in good health and physical condition, and who are comfortable in and around the water. Before participating, I should consult my physician for a physical evaluation to determine whether WaterGym® is appropriate for me. If so, I will only do exercises at a vigor that feels safe and comfortable for me, *even if I am told to do otherwise*, and I will stop exercising and inform the instructor if I am experiencing any physical discomfort or pain.
- I am participating in WaterGym® at my own risk.**
 - WaterGym® involves 60 minutes or more of vigorous physical activity, and includes exercise in and around swimming pools, with risks of slipping, falling, drowning or other types of injuries that may lead to death. By participating in WaterGym®, I'm voluntarily assuming sole responsibility for any and all risks I may be involved in before, during and after taking the class, including exposure to COVID or any other type of communicable diseases.
 - Each time before I take a WaterGym® class, I am required to sign in on a class roster which includes a waiver of liability stating that I am taking the WaterGym® class at my own risk. It also states that I will hold harmless WaterGym LLC, the WaterGym® teachers and the clubs at which the class is being held if anything happens to me before, during or after taking the class.
 - Exercising in an outdoor pool has been known to be one of the safest workout environments during COVID, however there's always a risk I will be exposed to COVID while in class or at the club the class is held at. Therefore, I'll willingly provide my phone number so I can be contacted if there's a COVID exposure at the facility which in WaterGym® is being held.
- If I am sick or have COVID, or have been around someone who is sick or who has recently had COVID, I will not come to class until I've quarantined and am no longer contagious.**
 - I will take all proper precautions so as not to risk exposure to other WaterGym® participants, teachers or facility staff.
- I will be responsible for my own health and comfort level.**
 - I understand everyone has their own comfort level in regards to COVID. I'll make sure to do what I feel necessary to stay safe and healthy before, during and after my WaterGym® classes, such as wear a mask, distance myself or whatever I feel is best.
 - If I decide to wear a mask while in the water during class, I understand I should have an extra mask or two close by in case my mask gets wet, because wet masks do not allow for proper ventilation and need to be immediately replaced with a dry one.
- I will respect the comfort and safety of others.**
 - I will do my best to keep enough space (ideally 6 feet) between myself and the other WaterGym® participants during class, especially during the traveling section of our workout.
 - I will do my best not to "breathe all over" my WaterGym® pool pals, by not performing any type of exaggerated huffing/puffing "mouth exhaling" during class. If there's a medical reason I must do this type of exaggerated breathing, I'll let my teacher know so he/she can decide if there's a place in the class where this can be performed away from others.
- If a club allows INDOOR locker room usage, until further notice, I'll wear a mask AT ALL TIMES while in the locker room, EXCEPT when showering. This is a TEMPORARY policy that we hope will be lifted in the not too distant future.**
 - I understand that if I don't want to wear a mask, I simply won't use the locker rooms until this policy changes, except in the case of an emergency. NOTE: There'll be zero tolerance around this until further notice, because the only COVID pool exposures we know of happened in indoor locker rooms to folks not wearing masks. We have too many high-risk clients to take this chance.
 - I understand that my locker room usage must be brief, and showers are for a quick rinse off only, no shampooing, shaving etc.

By signing this waiver of liability below, I hereby release, indemnify, and hold harmless WaterGym LLC, the WaterGym® teachers and all owners and operators of any clubs that the WaterGym® program is being held at from all claims and demands that may arise from my participating in this aquatic, aerobic workout. If any part of this waiver is held invalid, I agree the rest will remain valid.
